*About the City of Kingsport*

Founded in 1917, the [City of Kingsport](#) (pop. 53,000) is located on the Tennessee-Virginia border at the crossroads of I-81 and I-26 near the geographic center of the eastern U.S. The city is widely known as a planned community, designed by renowned city planner John Nolen and wrapping around the foot of Bays Mountain – a 3,500 acre park, nature preserve, planetarium and observatory. Kingsport is recognized as an International Safe Community by the National Safety Council, a Healthier Tennessee community, and won the 2009 Harvard Innovations in American Government Award for its higher education initiatives. While many city names are duplicated throughout the U.S., there’s only one Kingsport – a fact that invokes community pride, known locally as the “Kingsport Spirit.”
